

Art

What is Art?

We use art to express ourselves with imagination and creativity. Art at school includes painting, drawing, printing, sculpture and collage.

Why is Art important?

Art has always been part of human history and culture.

It allows us to express ourselves and our emotions.

There are no 'right' or 'wrong' answers in art.

What do we do in Art lessons?

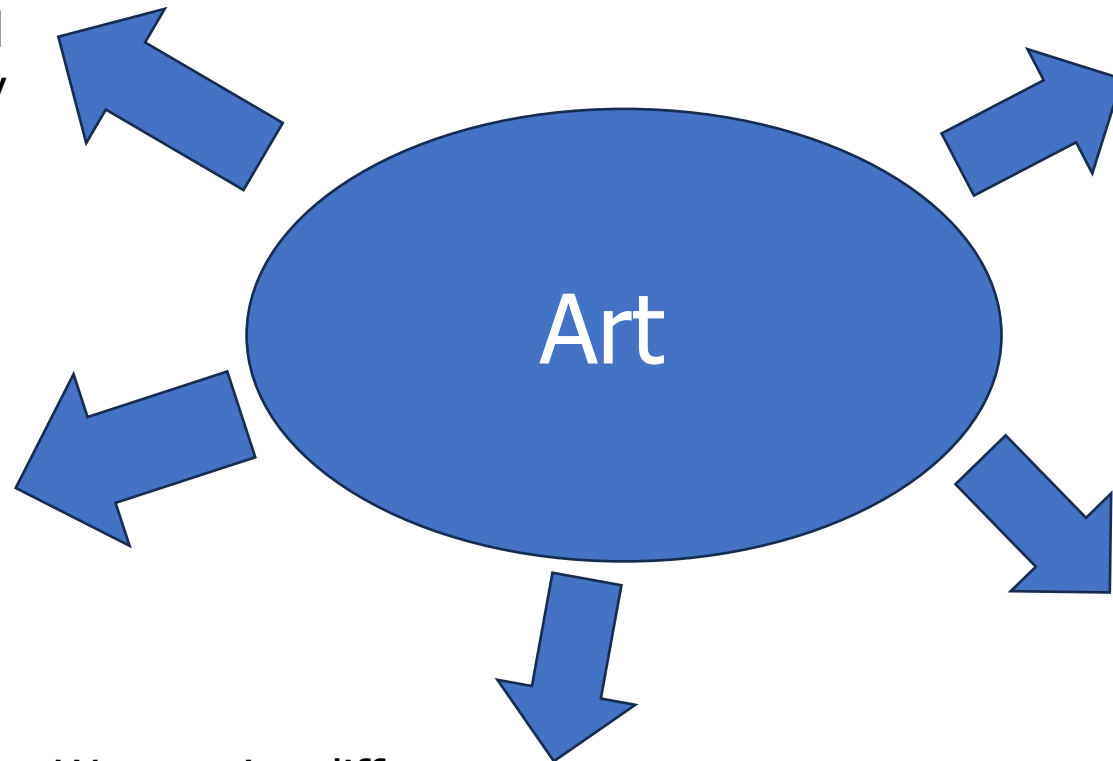

We learn about different artists and the techniques they used.

We evaluate our work, thinking about what we would change or improve

We share our thoughts and opinions about pieces of art.

We practise different techniques e.g. colour mixing and shading

We create final pieces inspired by artists but always expressing our own creativity and imagination
