

# Geography

# What is Geography?

In Geography, we learn about the human and physical features of the world.

# Types of Geography

**Human**

**Physical**

# Geographers ask questions such as....

Why do the weather and seasons change?

Why do volcanoes erupt?

Why is the climate changing?

How did people choose where to build villages, towns and cities?

Why do people have different languages and cultures?

# What do we do in Geography lessons?

The names of the countries, continents and oceans

The human and physical features of different places

In Geography, we learn...

How to use maps and atlases

What different places around the world are like and how they are similar and different to Dagenham

About the weather and seasons

# Types of geographers...

**Meteorologist**

**Cartographer**

**Town planner**

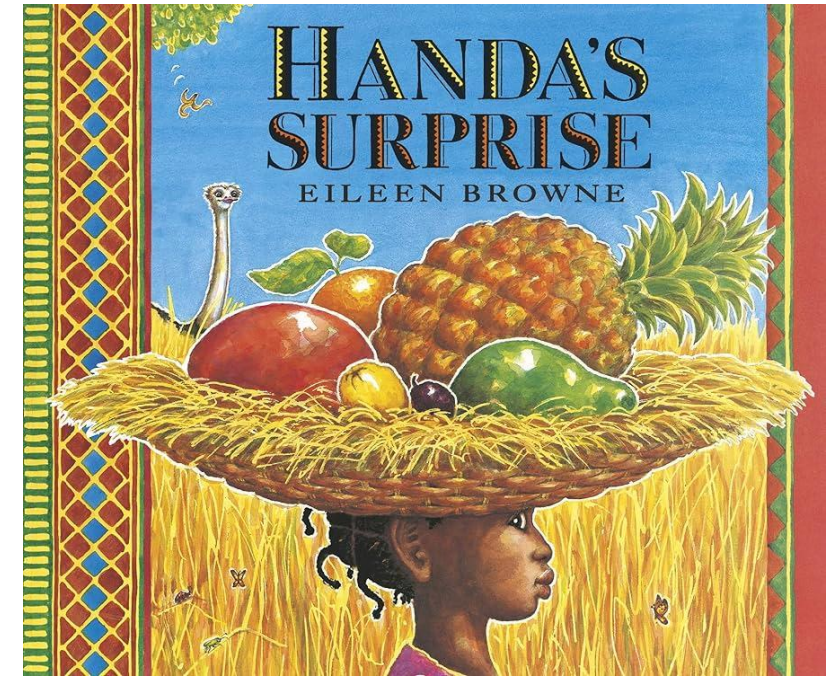

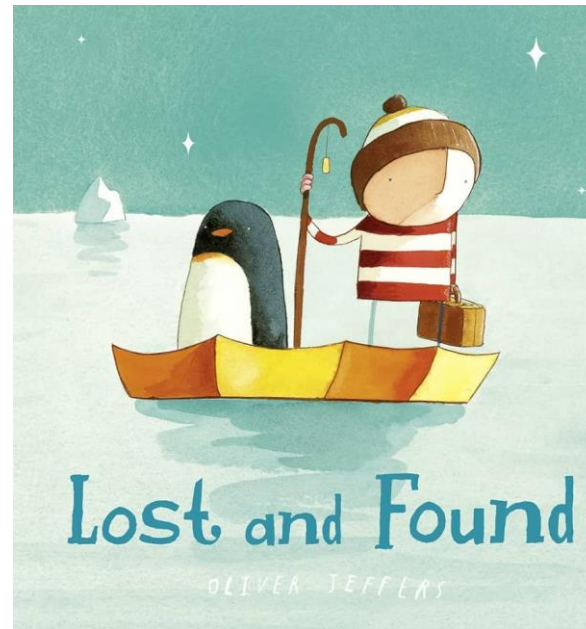

Our Geography leader is.....

**Mrs Branch**

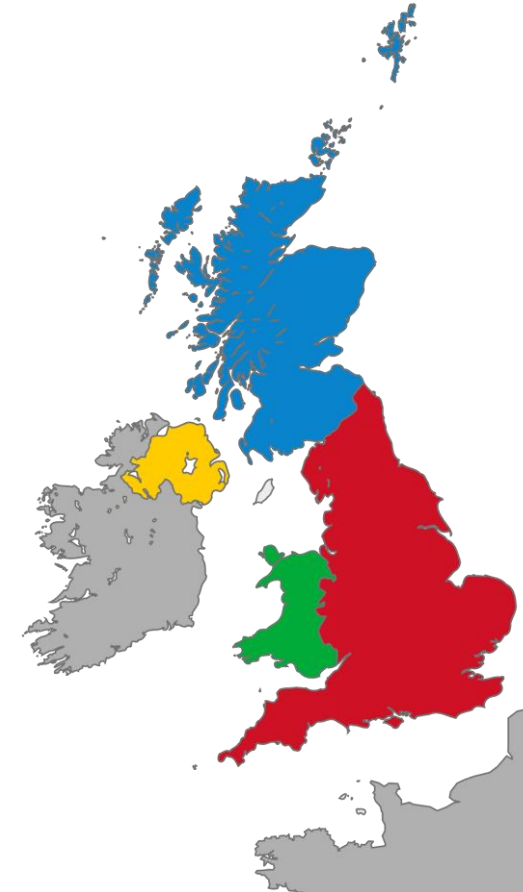

# Geography at Dorothy Barley Infant School

# Geography at Dorothy Barley Infant School

**Reflect:** How many countries of the world can you name? If you could **visit** any country in the world **where** would it be and **why**?

# Geography at Dorothy Barley Infant School

This is a map of Spring Town.

What do you notice about the map of Spring Town?

What human features can you see?

The map shows a grid of streets with various icons representing different features. A key on the left lists: Hospital (H), School (S), Rubbish Dump (D), Swimming Pool (P), Shop (W), Houses (H), Car Park (P), Park (P), and Camp Site (C). A cartoon boy in a blue jacket and red shorts is pointing at the map. Navigation buttons for 'Back' and 'Next' are at the bottom.

**Reflect:** Can you share something you have learned in **Geography**?
